

# ERIC BOISVENU

Canada T3G 0B3 | 587-324-2403 | Ericb@linux.com

## Professional Summary

---

Characterized by an analytical and driven mindset, excelling in solving complex problems. Demonstrates unwavering dedication to achieving demanding development objectives within tight schedules, while ensuring the delivery of impeccable code.

## Skills

---

- React.js
- Node.js
- TypeScript
- JavaScript
- Shopify
- AWS Services
- HTML
- CSS
- Linux
- Git
- API design knowledge
- Unit Testing
- Flexible and Adaptable
- Multitasking Abilities
- Problem-Solving
- Dependable and Responsible
- Self-Motivated
- Attention to Detail
- Excellent Communication

## Work History

---

### Software Engineer

06/2022 to 07/2023

#### Unit 203 – remote

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.
- Adjusted design parameters to incorporate new features.
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Helped e-commerce company to increase their revenue 5X
- Collaborated with clients to define solution requirements.
- Collaborated with management, and internal and development partners regarding software application design status and project progress.
- Delivered unit-tested systems within customer-prescribed timeframes.
- Developed robust, scalable, modular, and API-centric infrastructures.
- Conducted regression testing and submitted observations.
- Provided guidance and mentored less-experienced staff members.
- Updated old code bases to modern development standards, improving functionality.

## **Software Developer**

01/2022 to 06/2022

### **Propra Technologies** – Calgary

- Reviewed code, debugged problems and corrected issues.
- Developed user interfaces with modern JavaScript frameworks, HTML5 and CSS3.
- Worked with back-end developers to design APIs.
- Provided software application engineering and maintenance for development lifecycle.
- Implemented new features
- Resolved system test and validation problems to provide normal program functioning.
- Worked closely with other team members in such tasks as troubleshooting and debugging.
- Designed new features for mobile apps to provide mobile functionality for brand features.
- Wrote code for database applications.
- Designed and developed application scripts for test scenarios.

## **Freelancer**

06/2019 to Current

### **Self Employed** – remote

- Developed user interfaces with modern JavaScript frameworks, HTML5 and CSS3.
- Troubleshoot and debugged code ensuring compatibility with devices, browsers, and operating systems.
- Collaborated with clients to define project requirements and deliverables
- Optimized websites and mobile applications to achieve maximum performance
- Designed and implemented new features and enhancements to improve existing applications
- Optimized websites and mobile applications to achieve maximum performance.
- Negotiated fees and contracts to reach mutually beneficial agreements with clients.
- Researched and identified innovative solutions to acquire resources and meet customer needs.
- Utilized HTML, CSS and JavaScript programs to create customized websites, enhancing features and aesthetics.
- Developed prototypes to use for testing, measuring data and gathering valuable feedback.
- Generated detailed reports to highlight product performance and usage metrics.

## **Code Reviewer**

09/2015 to 07/2016

### **Udacity**

I was one of the very first Udacity Code Reviewers, where I reviewed student project submissions. For each submission, I did both a thorough code review and project evaluation. I strived to give actionable and helpful feedback to students while also improving my code reviewing skills at the same time.

## **Business Owner/Operator**

04/2008 to 01/2022

### **EB Interiors**

- Worked independently in fast-paced environment while meeting productivity and quality

expectations.

- Assisted with successful, time-sensitive renovations of various structures.
- Worked with more knowledgeable professionals to grow understanding of principles and construction standards.
- Consulted with customers to assess needs and propose optimal solutions.
- Oversaw end-to-end business processes to maintain proficiency and profitability.

## Education

---

**Nanodegree:** FullStack Web Developer

08/2015

**Udacity Nanodegree Certification** - Remote

## Languages

---

### English

Bilingual or Proficient (C2)

### French

Bilingual or Proficient (C2)
